LIVE PROGRAMME

Live circles (these are also recorded but please do attend live if you can)

Your Wisdom Working Circles are on Wednesday evenings at 20:00-21:30 London time; they are normally spaced one month with a few exceptions.

Your content modules

Rune Practice sessions open on a Wednesday approximately every 2 weeks once the LIVE programme starts. Although you have access to your Awakening modules from the outset, during the LIVE programme you will receive an email when each rune's half-month commences (the 2 week period when the Sun is in the sector of that specific rune). I would highly recommend working with the rune modules during these times so you gain from the wisdom, energy and insights of your cohort and experience the energies of the runes in order.

A waken to the Runes 24-25: Dates for my diary

Keeping up with the dates

Your Wisdom Working Circles are scheduled in our private Facebook group so you can add them to your electronic diary once the group opens in 2024. You will also receive an email reminder the day before each circle. The Zoom room we use is the same every month (included in your key information once you are in the Awakening members hub) – please make sure you have a note of it so you aren't struggling to find the details just before the session.

Times

All the Wisdom Working Circles are London time. You can use a converter to work out the time they will be in your location e.g. <https://www.timeanddate.com/worldclock/converter.html>
